Subject: HW130003B - NYSDEC Approval - Abbreviated Work Plan VPBs 172-176 and 178-180, NWIRP Bethpage

Brian:

I have completed review of the Abbreviated Work Plan for Vertical Profile Borings VPBs 172-176 and VPBs 178-180 submitted on October 30, 2018. Based on this review, the abbreviated work plan is approved and considered final.

Please plan on notifying nearby residents using an approach that is similar to what is currently used for the U.S. Navy's off-site vertical profile boring drilling program prior to mobilizing equipment to the proposed locations. Please provide the NYSDEC and NYSDOH with electronic copies of the drilling notices prior to distribution to the nearby residents.

Thanks
Jason
